

# Large grower in Central Gippsland

## OUR RESULTS

“ It is great to have somebody with so much experience to come on-site and challenge you to look at your business in a different way.

This program developed problem solving skills and a continuous improvement culture within the business. ”

Farm Manager at a large grower in central Gippsland who wishes to remain anonymous

### Key success factors:

- Improved communication and team engagement
- Data driven decision making
- Focus on critical KPIs

10%

Yield increase  
of corn

\$200k

Savings per year  
due to improved soil  
structure and a reduction  
in tillage
